

NEW Mold Side Shields **Truly the best in the industry!!**

New, high quality Mold Side Shields mount on each side of your molding machine, opening and closing smoothly, along with the mold. The screen prevents parts from dispersing and directs them into containers or onto a belt conveyor.

Advantages:

- Major reduction in part loss.
- Improve part quality.
- Keep area around molding machines clean.
- Keeps parts from sticking to oily machinery.
- Prevent parts contamination.

Features

- A specialty designed spring guarantees a long service life of the Mold Side Shield.
- Spring loaded roller, rolls screen with each cycle - no creases or folds to trap parts.
- Available in 12 sizes - see chart on back. Custom sizes are available on request.
- Velcro strips allow screens to be replaced easily.

Excellent for both extremely short cycle times and very high speeds of travel.

Mount Mold Side Shields to your mold or mold platens in seconds with our Rare Earth Magnets, without drilling or tapping the mold frame. Our neodymium magnets are made with the most powerful permanent magnetic material which allows you to mount mold shields onto your mold in seconds, hassle free. Magnets allow Mold Side Shields to be moved easily from mold to mold.

EMI PLASTICS EQUIPMENT

Other shield materials available - All Mold Side Shields ship with our standard semi-transparent, PA (Polyamid) nylon screens (see below). We have two other shield material types available, sold as an option. Please call for pricing and availability for optional materials.

1. **Standard** PA-nylon (Polyamid) fabric is good for mold temperatures up to 239°F (115°C).

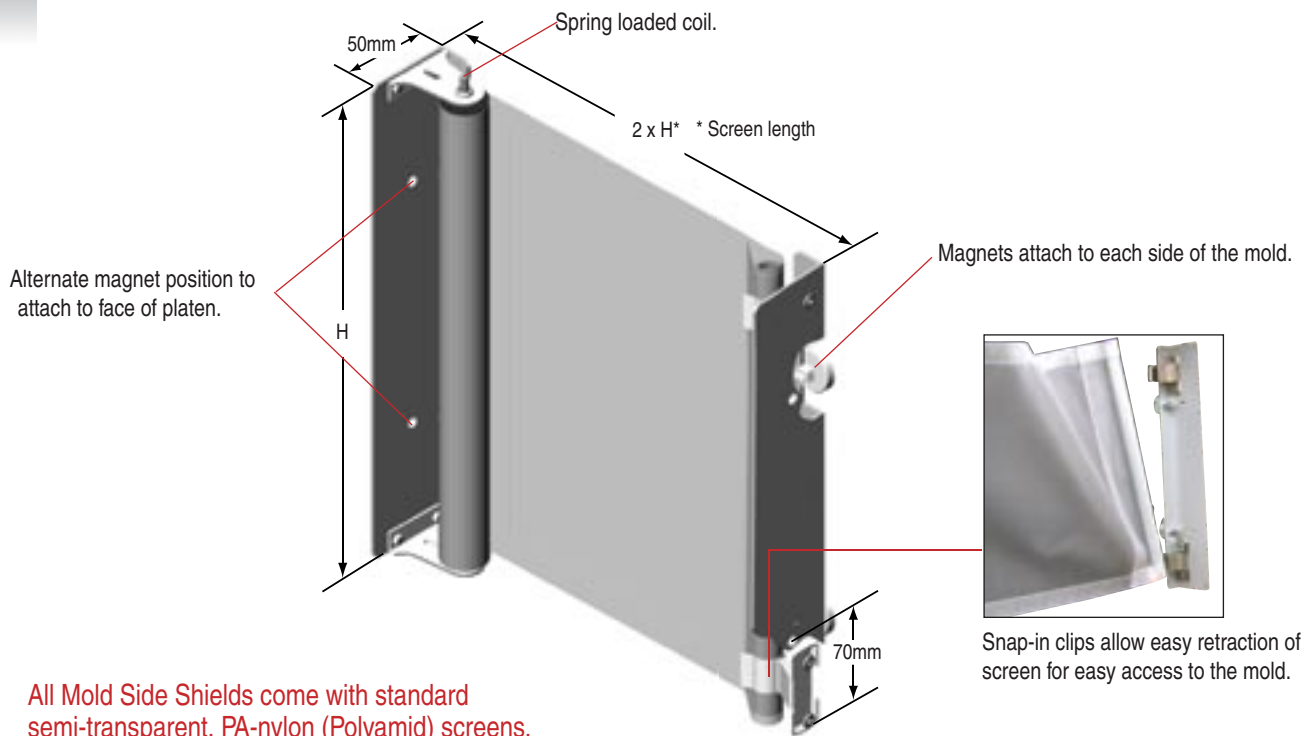

2. **Optional** PVC-GF glass filled fiber, non-flamable - good for mold temperatures up to 302°F (150°C).

3. **Optional** Fire repellent - good for mold temperatures up to 572°F (300°C). - especially good for duroplastic, rubber or silicon processing.

Dimensions and Pricing

All Mold Side Shields come with standard semi-transparent, PA-nylon (Polyamid) screens.

Quick #	Part #	Description (H)	Price
7001	EMR200PA	200mm (7.8") Shield Set	\$239.00
7002	EMR250PA	250mm (9.8") Shield Set	\$244.00
7003	EMR300PA	300mm (11.8") Shield Set	\$249.00
7004	EMR400PA	400mm (15.7") Shield Set	\$254.00
7005	EMR500PA	500mm (19.6") Shield Set	\$259.00
7006	EMR600PA	600mm (23.6") Shield Set	\$264.00
7007	EMR700PA	700mm (27.5") Shield Set	\$279.00
7008	EMR800PA	800mm (31.5") Shield Set	\$284.00
7009	EMR900PA	900mm (35.4") Shield Set	\$289.00
7010	EMR1000PA	1000mm (39.3") Shield Set	\$294.00
7011	EMR1100PA	1100mm (43.3") Shield Set	\$299.00
7012	EMR1200PA	1200mm (47.2") Shield Set	\$304.00

Mold Side Shields are priced as a set (2).

Quick #	Part Number	Description	Price
7013	EE003	Standard Magnet Set	\$48.00
7014	EE004	Large Magnet Set	\$69.00

A set of magnets contains 8 magnets.
